Re: Roberta Grace

To Whom It May Concern:

I am writing this letter in support of Roberta Grace who worked as our housekeeper from March, 2019 until May, 2020 at our vacation condominium in Mammoth Lakes, California.

After we removed our condominium from the rental pool, we were in search of a housekeeper to service our newly remolded home away from home. We feel very fortunate to have employed Roberta. She not only kept our condo spotless, she went above and beyond what we asked her to do. She repaired our sofa that was damaged, she brought her own upholstery machine to clean our sofa cushions, she even took a sentimental cuckoo clock home and found someone to repair it for us. In addition, she made scheduling easy through her website and provided various referrals when we needed some handyman and electrical work done.

We were sad when Roberta informed us that she was moving and would no longer be servicing our area.

I would highly recommend Roberta for any housekeeping position. She is a highly responsible and caring person.

Sincerely,

Jodi Stine
